

**Location:** Charlottetown, PEI. A remote candidate will also be considered.

**Job Title:** Game Designer

Other Ocean Group is looking for a creative and enthusiastic Game Designer to join our team to work on updates and live support for our most successful multiplayer PC title to date. Our female-led studio has several women already in leadership positions, and we are keen to diversify further. Prior game industry experience is a plus, but we're willing to consider any talented applicant who we think would be the right fit. Mentoring will be available for the right candidate.

Applicants must:

- Have an active interest in game design and demonstrate a passion for the creation of games
- Have good written and verbal communication skills
- Be personable, work well with a team, but also be effective on their own
- Have a positive attitude and be enthusiastic and excited to work on games

Specific game responsibilities include:

- Working closely with our Community Manager to identify and act on player needs
- Working with the rest of the team to come up with great new features or improvements to existing features.
- Pitching / suggesting new ideas and updates to fellow team members
- Creation of clear and concise design specifications for new game features and updates
- Use of tools to effect changes in the game
- Improving game balance, as required

Other desirable skills include:

- Familiarity with Google's suite of tools (Docs, Sheets, Slides, etc.)
- Unity game engine experience

We'd appreciate all applicants supplying a resume/CV and examples of written documentation to demonstrate your written communication skills (preferably game design documentation). Please submit applications to [employment@otherocean.com](mailto:employment@otherocean.com) with the subject: **Game Designer**.
